Sailing the Coast: There is no better place to visit in a small, private yacht than the gorgeous, crystal-waters coast of Croatia. The Dalmatian coastline of 1777 kilometers is dotted with over 1,000 islands, islets and cliffs – eighty-percent uninhabited. Each day you'll visit a new island where you spend part of the day shopping, and mingling with the locals. You'll also have time to swim or enjoy water sports. You'll know Croatia intimately after this trip.
